

QUAD Sountrack

Okay ... QUAD doesn't really have a soundtrack.

But if it did, these are the songs that would be on it:

- All for Leyna - Billy Joel
 - (Theo's obsession with Maggie)
- Bring Me to life - Evanescence
 - ('nuff said)
- Pushing the Needle Too Far - indigo girls
 - ('cuz that's what happens)
- Mother Mother - Tracy Bonham
 - (Maggie's rage, condensed & set to music)
- Baby Can I hold you - Joan Bayez
 - (did someone say "Ken and Hayley"?)
- The Mountains Win Again - Blues Traveler
 - (all day, every day)
- Kryptonite - 3 Doors Down
 - (what's going through Perry's head as he makes his way to that party)
- Animal I Have Become - Three Days Grace
 - (Rufus, self-destructing)
- Somewhere Over the Rainbow - Eva Cassidy
 - (roll ending credits)
